Message from Alan Peary National Principal of Vision College

Is it time to be trained and equipped to serve God more effectively? Many people desire a foundational grasp of 'Christian belief and practice' enabling them to function in their careers from a Christian framework.

Others are being called to participate or lead strategic ministries, whether part-time or fulltime and they want to be equipped.

Vision College has a vision for training and equipping Christians for service in the Church and community. All courses are New Zealand Qualification Authority (NZQA) accredited and student loans and allowances are available for fulltime courses.

Vision College offers a variety of training options and methods of delivery of the training, one of which will meet your needs. The uniqueness of the training methods is that a student studying part-time for the New Zealand Diploma in Christian Studies (Level 5) has the options of attending three block courses and one unit of self-study per year for three years.

The New Zealand Diploma in Christian Studies is completed in one year of fulltime study. The Internship requires students to work in their local church or organization up to 15 hours per week/min 500hrs per year and attending five block courses during the year.

Vision College works closely with proven practitioners and is committed to presenting training from a Biblical perspective to equip for serving God in the church and the community.

VISION COLLEGE		DESCRIPTOR
90 – 100%	A+	Work of high to exceptionally high quality showing excellent knowledge and understanding of subject matter and appreciation of issues; well formulated arguments based on strong and sustained evidence; diagrams, graphs and tables, etc. included where appropriate; relevant literature referenced; clear evidence of high levels of creative ability, originality and critical thinking; excellent communication and presentation skills.
85 – 89%	A	
80 – 84%	A-	
75 – 79%	B+	Work showing good to strong grasp of subject matter and understanding of major issues though not necessarily of the finer points; arguments clearly developed and based on convincing evidence; relevant literature referenced; some evidence of creative ability, originality and critical thinking; good communication and presentation skills.
70 – 74%	B	
65 – 69%	B-	
60 – 64%	C+	Work showing a knowledge of subject matter and appreciation of main issues though possibly with some lapses and inadequacies; arguments developed and supported by some evidence and references; creative ability, originality and critical thinking present but limited; adequate communication and presentation skills. A C- represents a bare pass in which the candidate demonstrates limited but nonetheless adequate understanding of the material.
55 – 59%	C	
50 – 54%	C-	
45 – 49%	D+	Work lacking breadth and depth. Work generally has gaps. Frequently work of this grade takes a simple factual approach and understanding and coverage of material is inadequate; does not attempt to interpret the material; at the lower end, indicates a need for considerable effort to achieve improvement; communication and presentation skills are poor. D+ represents marginal results in which there are evident (and important) lapses of understanding.
40 – 44%	D	
0 – 39%	D-	Highly unsatisfactory. Work shows a lack of knowledge about and understanding of the topic. Inadequate in degree of relevance, sometimes completeness, sometimes both. Communication and presentation skills are weak.

Enrolment Criteria, Application, and Procedure

New Zealand Diploma in Christian Studies (Level 5)

Students enrolling in the New Zealand Diploma in Christian Studies (Level 5) should be aware of certain aspects of study in this qualification right from the outset. First of all, this is not a course for new Christians, nor is it primarily a discipleship course – it is a training course for people wanting to pursue some Christian ministry. Having said that, no previous study is necessary but potential students must show they can study at the relevant levels.

Also, while we try to present ideas in ways that are as accessible to students as possible, there is a certain amount of vocabulary to which students are inevitably introduced (and this comes as a surprise to some).

It would be an advantage if you

- Have some familiarity with the Bible
- Have been a Christian for two years or more
- Have some practical experience in Christian ministry (eg involvement in a small group)
- Have some avenue or opportunity to put into practice the things you are learning.

Entry Requirements – Fulltime/Part-time

- Be aged 17 years or over
- All applications will be required to produce two current character references
- Produce two essays, one outlining their journey of faith, the one demonstrating their ability to meet the written requirements of the course
- A recommendation from current pastor, similar
- Have sufficient levels of English and computer literacy skills to study at this level as well as the ability to use the communication and collaboration technologies incorporated in this programme
- Short-listed applicants may be required to attend an individual interview as part of the application process (can be by Skype)
- Students for whom English is a second language must also have an IELTS score of 5.5 or equivalent (academic) with no individual band score lower than 5.0 or equivalent

Preference will be given to applications who have a history of academic success, relevant practical experience, a commitment to undertaking all aspects of the programme and to meeting the learning outcomes.

NZ Police Vetting (both levels)

The Vulnerable Children's Act 2014 came into force in July 2015 and this requires all persons who are working with children under the age of 14 years, or young people between the ages of 14 - 17 years to have police vetting carried out. This includes unpaid work that is undertaken as part of an educational or vocational training course.

All New Zealand Diploma in Christian Studies (Level 5) and New Zealand Diploma of Christian Studies (Level 6) applicants who will be involved in an internship, will be required to be police vetted.

<http://www.legislation.govt.nz/act/public/2014/0040/latest/whole.html>

This ensures that Vision College has taken all reasonable steps to ensure that a safety check of potential interns has been completed. The church or organization the student has its internship with, may also require a police check.
