## **Re-inventing Business Training**

---

Using a unique combination of monthly one day weekend workshops run by industry professionals, combined with strong online support, Vision Colleges' New Zealand Diploma in Business provides strong support and an applied approach to learning the essential skills for success in today's business world.

Learn while you work with inspiring, fun and interactive workshops where you meet your facilitator and peers.

The weekend workshops are structured around examples, projects, games and other methods that offer true value in how to apply the lessons in practical ways. Gone are the dry, boring lectures.

**The best possible way to gain  
business skills and a great  
qualification – and it may be FREE\***

Each of the seven courses are completed over 8-10 week periods, and start with a one day weekend based workshop where you meet your facilitator and other people on the course. Learn the principles first-hand and gain an overview of the topic, requirements and start your first project.

A second one day workshop occurs approximately 4 weeks later in the middle of the course to recap, extend and work on any group projects.

Gone are the days of sitting at home and never meeting your facilitator or classmates, while slowly losing motivation with long drawn out courses where you wonder if you are on the right track.

# DIPLOMA CONTENT:

## 7 PAPERS

### **BUSINESS FUNCTIONS** 15 Credits

Apply knowledge of the principles and practices of operations, accounting, HR, and risk management, to support the operational efficiency and effectiveness of the entity.

### **BUSINESS COMMUNICATION** 15 Credits

Develop knowledge and skills for researching and communicating information to internal and external stakeholders.

### **INNOVATION** 15 Credits

Develop knowledge and skills to contribute in operational contexts to innovation and organisational change within a business entity.

### **THE BUSINESS ENVIRONMENT** 15 Credits

Develop knowledge and skills to understand and adapt to the organisation's current and emerging environment, including New Zealand's unique bi-cultural partnership.

### **LEADERSHIP** 15 Credits

Develop knowledge and skills to lead others to implement activities within the entity's plans, including change.

### **QUALITY MANAGEMENT** 15 Credits

Develop knowledge and skills to identify operational issues and challenges and apply techniques for continuous improvement of the entity.

### **LEADERSHIP PROJECT** 30 Credits

A work based project, which applies knowledge and skills in business planning, project management, and leading people to move the entity forward in achieving its strategic objectives.

# ENTRY REQUIREMENTS

## Acceptance into the programme will require:

- NZ Citizens or Permanent Residents
- Be at least 17 years of age
- A clear role within the work placement organisation for the duration of the programme. This is because one of the papers is a work-based project to undertake during the course (the project should take a minimum of 12 weeks).
- A Vision College approved mentor and a workplace supervisor, to support the learner's progress. This can be discussed when you apply.
- No formal school qualifications are required, but please be mindful that a Level 5 programme is first year university level.
- Attend an interview in person or by Skype, to determine if this programme is the right one for you.

*NOTE: This programme is not available to international students at this time.*

*PLEASE NOTE: The contents of this brochure were correct at the time of going to print. We recommend that you check the details of your desired course by calling us or checking our website, as some details are subject to change.*

**OR** **2** YEARS  
PART-TIME

**BIZTECH:**

**FREE**

**NZ CERTIFICATE IN**

**BUSINESS** (Administration  
& Technology)

**LEVEL 3** (Youth)

Our FREE 20 week New Zealand Certificate in Business (Administration & Technology) or 'Biztech' is designed for youth aged from 16 to 19. The course includes the opportunity to gain NCEA Level 2 and/or 3.

There are very few jobs that do not include the use of computers. And this course provides an outstanding foundation in the business application of computing. Graduates of this course have gone on to higher-level business, web design and software courses.

Taught in the classroom four days per week, this course will give youth an outstanding entry into business or computer based careers.

## **WHAT YOU WILL LEARN**

- Windows 10
- Microsoft Word 2016
- Microsoft Excel 2016
- Microsoft Publisher 2016
- Business report writing
- Communication skills
- Creating business documents

## **COURSE STRUCTURE**

This course is very practical, and will have you at a computer from the first day. The course is a combination of classroom tutorials and working your way through a series of workbooks. Hours are similar to school hours from Monday to Thursday. Friday is for self-directed study or catch-up.

## QUALIFICATIONS:

NZ Certificate in Business (Administration & Technology) (Level 3)

NCEA Level 2 and/or 3

## ENTRY REQUIREMENTS

Be aged 16 to 19 at the day of course start.

Hold NCEA Level 1 or higher

You will be asked to attend an interview, which may include a short written or computer orientation task.

*This course is not available for international students.*

### FURTHER STUDY
