

COVID-19 support for mental health and wellbeing Te Hiringa Hauora | Health Promotion Agency

This document is intended to support agencies and services to quickly and easily access mental health and wellbeing support tools that may be of use across their channels, workplaces and communities. It is a living draft.

The Lowdown

This is a website for young people with concerns about their mental health who are looking for support, and for friends and whānau who want to support them. It has COVID-specific content and links for anyone needing immediate help.

<https://thelowdown.co.nz/covid-19/covid-3/>

Depression.org.nz

This is a website is for adults looking for support with their mental health. It has update information and mental wellbeing tips for individuals and whānau feeling overwhelmed by COVID.

[Home | Depression and Anxiety](#)

Small Steps - [Small Steps | Free Online Tools to Manage Your Wellbeing](#)

Small Steps are free digital self-help tools for anyone wanting to manage stress and increase their wellbeing.

The tools are deep breathing, muscle relaxation, identifying signals, mindful watching, balancing mood, gratitude practice, active listening and reframing thoughts.

Mana Pasifika

Mana Pasifika is a collaboration between Te Hiringa Hauora, Mapu Maia, Vaka Tautua, the Mental Health Foundation and Pasifika health leaders Phil Siataga, Stephanie Erick and Tui Tararo. It is aimed at support Pasifika peoples who are feeling anxious.

This messaging has been shared on social media this week through Mapu Maia's Facebook page.

The messaging and downloadable campaigns assets are available below.
