

International **Prospectus**

2022 – 2023

New Zealand

New Zealand is culturally diverse and home to people from all over the world. It is a country with stunning landscapes and immense beauty.

From rolling green farmlands, to sparkling beaches, to majestic snow-covered mountains New Zealand has a reputation of the world's most beautiful scenery. North Island, South Island and Stewart Island are the main Islands in New Zealand with over 70% of the population living in the North Island. The land size of the country is about that of the UK or Japan. New Zealand is a developed country and most people live in cities. New Zealanders are known the world over for their creativity and friendliness.

English is the most widely spoken language in the country, with Māori and New Zealand Sign Language as the official languages in Aotearoa New Zealand.

Haere Mai, Kia Ora

Welcome to Vision College

Vision College is part of Activate Training Centre, one of the larger private training establishments (PTE) in New Zealand.

Our Mission

‘Changing lives through learning’ is what we are passionate about as an educational provider in New Zealand, offering programmes and services that make a positive difference in the lives of our learners.

Vision College has campuses located in Auckland, Hamilton, and Christchurch. Campuses are well-equipped with designated learning areas, computer suites, and student hubs.

Vision College offers a variety of programmes, ranging from Certificate to Degree level.

The following areas of study are available at Vision College:

- Counselling
- Information Technology
- Agriculture
- Mechanical Engineering
- Early Childhood Education
- Study Abroad and Cultural Immersion

Our tutors are dedicated to helping students achieve, providing support with pastoral care, smaller class sizes, and quality academic teaching.

To find out more about our programmes and Vision College, please visit our website at vision.ac.nz

Our Values

- | | |
|-----------------|---------------------|
| • God Honouring | Whakamānawatanga |
| • Innovative | Auahatanga |
| • Relational | Whaitake |
| • Purposed | Whakawhanaungatanga |

Our Business

We are a passionate team committed to:

- Creating and delivering outstanding learning experiences for our students
- Championing the best in one another and our staff
- Building significant stakeholder/industry connections and
- Academic integrity and business excellence

Our approach is focussed on developing graduates through high quality programmes to become the industry leaders of tomorrow.

Our Campuses

Auckland

The campus is located in the heart of Papakura, a short drive from Manukau. A student hub and kitchen are provided for students to gather and enjoy with friends, there are also shops and supermarkets close by. Student ID's enable access to student areas and printers. Wifi is available for student devices. There is free parking for students onsite with a train and bus station only a short walk away.

Hamilton

The campus is located in Hamilton East, a 5-minute drive from the centre of town. Cafeterias and kitchens are provided for students, together with outdoor areas. Student ID's enable access to computers, printers and a well-stocked library. Wi-Fi is available for students' own devices. There is free parking on-site and bus services available nearby.

Christchurch

The campus is located in a spacious and well-appointed building with shady trees and lawns welcoming visitors to our site. A cafeteria and kitchen are provided for students with a lovely courtyard also available. Christchurch Campus is a professional tertiary provider situated just a five minute drive from the CBD and only 15 minutes' walk from Hagley Park. The campus provides several grassy areas and also a number of park-style benches where students can hang out and enjoy the beautiful Canterbury sunshine.

Student Support and Resources

Library

Our Hamilton campus digital library is well stocked with all the information needed to help students with their studies. Students also have a high-speed internet connection and access to a wide range of learning resources.

All students can access the Hamilton library through the online library catalogue.

Cafeteria

Each campus has a cafeteria onsite with kitchen facilities stocked with tea and coffee. Students can heat and eat lunch, relax during class breaks, and meet new friends.

Campus Events

To gather and build a sense of community among staff and students, we host regular campus BBQs/lunches to celebrate progress towards completing educational outcomes. From time to time we gather to support causes or raise money for charity e.g. raising funds for the Breast Cancer Foundation New Zealand by baking and selling cupcakes.

Bachelor of Counselling

LEVEL 7

Programme Length:	3 Years (Full-time)
Campus:	Christchurch
Qualification:	Bachelor of Counselling (Level 7)

Do you have a passion to work as a counsellor and make a difference in people's lives and in your community? If so, we have a quality programme in counselling to make your dream become a reality.

Our Bachelor of Counselling degree programme is designed for those who aspire to become an effective counsellor. This programme will deepen your understanding of human behaviour and broaden your skillset in assessing and explaining human behaviour.

The practical counselling experience is a significant element of this programme providing you with real hands-on experience. Vision College offers small class sizes and supportive tutors, which creates a personal and productive learning environment. A Person-Centred approach is developed within a Christian faith-based learning environment.

Graduates of the Bachelor of Counselling will have completed the requirements for provisional membership to the relevant professional bodies, New Zealand Christian Counsellors Association (NZCCA) and New Zealand Association of Counsellors (NZAC). Graduates will qualify to work in various social service positions such as counselling centres, churches, family and health support services, not-for-profit social service agencies (NGOs) and advocacy roles.

What You Will Learn

Year One – Core Papers

- Person-Centred Counselling
- Counselling Approaches
- Critical Thinking
- Introduction into Theology

- Personal and Professional Formation
- Aotearoa New Zealand Society
- Lifespan Human Development

Year Two – Core Papers

- Person-Centred Counselling 2
- Personal and Professional Integration
- Supervised Professional Practice
- Working with Contextual Issues
- Cultural Competency for Counselling in Aotearoa New Zealand
- Working with Family Members

Year Three – Core Papers

- Personal and Professional Integration 2
- Supervised Professional Practice 2
- Mental Health and Disorders
- Working with Contemporary Ethical Issues

Year Three – Optional Papers (of which only 2 will be run in year three)

- Introduction to Research
- Creative Therapies
- Counselling Children and Young People
- Grief and Loss Counselling
- Alcohol, Drugs, and Addictions
- Abuse and Trauma Counselling
- Working with Couple Relationships

Programme Structure

This programme is delivered full-time. Students will learn in both a classroom situation and through practical application.

Over the two final years, students need to complete a minimum of 200 hours of face-to-face supervised counselling practice within an approved agency, along with a minimum of one hour of external clinical supervision for every five hours of counselling practice. Students are also required to attend a minimum of 10 hours of personal counselling.

Entry Requirements

- International students for whom English is a second language must have an IELTS Academic score of 6.5 with no individual band lower than 6.0, or a recognised equivalent test
- International students are required to obtain a police certificate from their country of origin because of the requirement to complete a practicum in an approved agency

Their knowledge on theory was ‘top notch’, their anecdotes and stories impacted me during my learning.

Counselling Student Graduate

NZ Diploma in Software Development

LEVEL 6

Programme Length:	2 Years (Full-time)
Campuses:	Auckland, Hamilton, Christchurch
Qualification:	New Zealand Diploma in Software Development (Level 6)

Are you technologically minded and want to gain skills for software development? If so, why not train to become a software developer and learn how to write programs, develop apps, websites, and online games. We have a quality Software Development programme to make your dream become a reality in this exciting industry.

The New Zealand Diploma in Software Development is a two-year “Full-Stack” programme that will set you up for entry into the rapidly growing IT industry. You will learn core skills in a range of essential software developer areas.

The first year focuses on web development and design, giving you the skills to set your mark in this industry. The programme focuses on programming languages used in websites today: PHP, SQL, and JavaScript, developed within a responsive framework. In the second year, you will use Visual Studio 2022 and Visual Studio Code to create client-side and server-side software. You will use C#, ReactJS, and React Native to build innovative Web, Mobile, and API applications. You will learn to develop SQL, and SQLite databases. You will have more practical time learning and writing code than for most 3-year degrees. Vision College offers small class sizes, and supportive tutors, which creates a personal and productive learning environment.

Our programme provides a pathway for students to pursue further studies. You can apply to pursue your studies into the 3rd year of the Bachelor of Software Development programme (subject to availability) with other education providers in New Zealand. Some of our graduates have moved into software development roles

across a wide range of industries, such as education and e-learning, shipping and freight, healthcare, business and data management, and artificial intelligence.

What You Will Learn

Year One

- Web Design
- Web Development
- Database Concepts
- Cloud Based Systems and Support
- Systems Analysis
- Security and Testing
- Software Development 1
- Project 1

Year Two

- Software Development 2
- Database Management
- Dynamic Web Technology
- Mobile Application Development
- Software Testing and Security
- Project Management
- Project

Programme Structure

This programme is delivered full-time. Students will learn in both a classroom situation and through practical application. Attendance is compulsory. Students will spend 20 hours per week on campus spread over two full days and one half day.

Entry Requirements

- International students are required to be at least 18 years old
- International Students for whom English is a second language must have an IELTS Academic score of 6.0 with no band score lower than 5.5 or a recognised equivalent test

Each day offers something different and that is something not a lot of other industries can offer you.

Software Student Graduate

NZ Certificate in Primary Industry Skills

LEVEL 2

Programme Length:	12 Weeks (Full-time)
Campus:	Hamilton
Qualification:	New Zealand Certificate in Primary Industry Skills (Level 2)

Do you love the idea of working on a dairy farm and carrying out a range of dairy jobs? If you are unsure about what is involved and what this will be like, we have a quality programme to make your dream become a reality.

The New Zealand Certificate in Primary Industry Skills programme will give you a head start to begin your farming career journey. The knowledge and skills you gain will prepare you for a successful entry in this growing industry.

This programme is highly practical for work in an entry-level role on a farm. You will learn the skills and practices that all dairy workers need to embrace. Throughout this programme, you will learn practical skills such as tractor driving, safe use of quad bikes, fencing, and Health and Safety practices. Vision College offers small class sizes, and supportive tutors, which creates a personal and productive learning environment.

The dairy farming sector in New Zealand is looking for farm workers and the demand is expected to remain strong. Graduates can apply to further their studies with other education providers in New Zealand or go into work in a range of agricultural roles such as a dairy farmer or a farm worker.

What You Will Learn

- Pasture control
- Dairy shed hygiene and milking
- Fencing training
- Animal health

- Use of farm vehicles
- Livestock feeding
- Injury and safety factors training

Programme Structure

This programme is delivered full-time that runs from Monday to Friday.

Students will learn in both a classroom situation and through practical application. Attendance is compulsory.

Entry Requirements

- International students are required to be between 18 - 40 years of age at the start date of the programme of study, not when they make the application
- Applicants are required to be proficient in the English language (both written and spoken) to at least a basic level. Applicants are required to submit a 2-3 minute video as proof of their English language proficiency
- Prospective students must have applied for, and been accepted on a study visa
- All students are required to stay in a Homestay unless an exemption has been approved by the Head of School. An 'Exemption from Homestay' form must be completed

“

**If you prefer
hands-on learning,
this is the place
to come!**

Agriculture Student Graduate

NZ Certificate in Mechanical Engineering

LEVEL 3

Programme Length:	1 Year (Full-time)
Campus:	Hamilton
Qualification:	New Zealand Certificate in Mechanical Engineering (Level 3)

Do you have a passion to work with machinery and tools? Are you creative and like to solve mechanical problems and challenges? If so, why not train to become a Mechanical Engineer. We have a quality foundation programme in Mechanical Engineering to make your dream become a reality. The fast-growing Waikato region make this foundation programme at ATC Vision College an ideal place to launch your engineering career.

The New Zealand Certificate in Mechanical Engineering programme will equip you with the knowledge and foundation skills to launch your career in the engineering industry.

This programme is highly practical for work in an entry-level role in this industry. You will learn by embarking on projects to create wheel clamps, braziers, and many more! Through these projects you will learn about welding safety, the use of hand and power tools, sketching and reading drawings, making calculations and measurements, and the design and planning of metalwork projects. In the workshop, you will be hands-on in measuring, cutting, fabricating, and welding. Vision College offers small class sizes, and supportive tutors, which creates a personal and productive learning environment.

The Mechanical Engineering sector in New Zealand is looking for creative engineers. Our programme provides a pathway for students to pursue further studies and gain employment opportunities. On completion of this foundation programme, and subject to successful

application, you will be well on your way to gaining an apprenticeship or an entry-level job in the engineering industry. Apprenticeship options include Fitter and Turner, Engineer, Structural Fabricator, Sheet Metal Worker, and Welder.

What You Will Learn

- Work safely, applying an understanding of relevant Health and Safety requirements and safety culture when carrying out engineering tasks
- Apply basic trade related numeracy, literacy, and visualisation skills to perform engineering tasks
- Perform a range of engineering tasks according to instructions using relevant materials, tools, and equipment
- Set up and carry out a single process engineering job according to instructions
- Apply an understanding of effective and efficient processes and principles to the engineering jobs being undertaken
- Take responsibility for the appropriate quality of own engineering work and make corrections as required
- Participate and communicate effectively within an engineering team

Programme Structure

This programme is delivered full-time and runs from Monday to Friday.

Students will learn in both a classroom situation and through practical application. Attendance is compulsory.

Entry Requirements

- International students are required be at least 18 years old
- International students for whom English is a second language must have an IELTS Academic score of 5.0 with no band lower than 5.0, or a recognised equivalent test

“

This course was the perfect opportunity to get credits while learning new skills.

Mechanical Engineering Graduate

NZ Certificate in Early Childhood Education and Care

LEVEL 3

Programme Length:	20 Weeks (Full-time)
Campuses:	Hamilton, Christchurch
Qualification:	New Zealand Certificate in Early Childhood Education and Care (Level 3)

Do you have a passion for working with children and want to make a difference in their lives? If so, why not train to become an Early Childhood Education (ECE) teacher? We have a quality ECE programme to make your dream become a reality.

The New Zealand Certificate in Early Childhood Education and Care programme will equip you with the foundation knowledge, valuable core skills, and attributes required for the education and care of infants and young children.

The work learning experiences in an ECE setting are integrated into your student experience from day one as you prepare to move towards teaching in an ECE centre. Throughout the 20 week programme, you will complete a minimum of 60 hours of placement time in an ECE centre, providing you with real hands-on experience. Vision College offers small class sizes, and supportive tutors, which creates a personal and productive learning environment.

Our programme provides a pathway for students to pursue further studies. Graduates can apply to progress onto the New Zealand Diploma in Early Childhood Education and Care (Level 5) or go into work in an ECE centre under the supervision of a registered teacher.

What You Will Learn

- Child Development
- Communication
- Health and Safety
- Professional Practice
- Curriculum

Programme Structure

This programme is delivered full-time with fun and interactive classes. Academic learning is delivered with a variety of teaching supports such as textbooks, handouts, slide shows, computer-based video training, Canvas Learning Management System, and direct lecture. The unit standards are delivered in an order designed to establish foundational knowledge. A practicum in an Early Childhood Education Centre will provide students with exciting learning experiences and prepares them for future work in a similar role.

Entry Requirements

- International students are required to be at least 18 years old
- International students for whom English is a second language must have an IELTS Academic score of 5.0 with no band score lower than 5.0, or a recognised equivalent test
- International students are required to obtain a police certificate from their country of origin because of the requirement to complete a practicum in an Early Childhood Centre

“

The tutors helped me to build my self-confidence, commitment, and passion towards ECE, which ultimately helped me succeed with my future studies in the industry.

ECE Student Graduate

NZ Diploma in Early Childhood Education and Care

LEVEL 5

Programme Length:	1 Year (Full-time)
Campuses:	Auckland, Hamilton, and Christchurch
Qualification:	New Zealand Diploma in Early Childhood Education and Care (Level 5)

Do you have a love for children and the passion to teach? If so, we have a quality Early Childhood Education (ECE) programme to make your dream become a reality.

The New Zealand Diploma in Early Childhood Education will set you up to become an effective teacher and open up further study and employment opportunities. This programme will develop your knowledge and skills as an educator, enabling you to provide the support and care in a range of ECE settings.

A practicum in an ECE centre is an integral part of this programme. Throughout the year, we will incorporate up to 200 hours of placement in an ECE centre, providing you with real hands-on experience to increase your employment opportunities. Vision College offers small class sizes, and supportive tutors, which creates a personal and productive learning environment.

The ECE sector is looking for teachers in New Zealand. Our Diploma provides a pathway for students to pursue further studies and gain employment opportunities. This Diploma is equivalent to the first year of a Bachelor of Teaching Degree. Following this Diploma, you can apply for entry into the second year of the degree with other education providers in New Zealand. You can work in an ECE centre while you complete your studies.

What You Will Learn

- Research, Assessment, and Reflection
- Child Development
- Learning and Teaching
- Professional Practice
- Culture and Community
- Teaching in Aotearoa

Programme Structure

Classes are fun and interactive, with up to 200 hours of placement in an early childhood centre that gives students the opportunity to work alongside children and qualified early childhood teachers to integrate their learning in relation to everyday teaching experiences.

Entry Requirements

- International students are required to be at least 18 years old
- International students for whom English is a second language must have an IELTS Academic score of 5.5 with no band score lower than 5.0, or a recognised equivalent test
- International students are required to obtain a police certificate from their country of origin because of a practicum requirement in an Early Childhood Centre

“

The most appealing features were their small class sizes, the support of the tutors, and the philosophy Vision College held.

ECE Student Graduate

Study Abroad and Cultural Immersion

Programme Length:	1 - 12 weeks (negotiable)
Campus:	Hamilton
Qualification:	A Certificate of Completion will be issued at the end of the programme

Vision College welcomes international groups from all parts of the world. We aim to provide visiting groups with a memorable and fun experience in New Zealand. We believe that Study Abroad and Cultural Immersion programme will provide an enriching experience that will make a real difference in the lives of our learners.

This customised programme is designed to support the needs of students, faculty members, government employees, and other interest groups. This programme will enhance learning journey and/or internship experience and expand worldview on the area of aspiration. We can cater for those needing specific assistance in English or other areas of interest.

This is an exciting programme where learners can experience how business is done and developed in this part of the world. Learners will have the opportunity to experience the cultural, environmental, economic, and political aspects of doing business in New Zealand. We provide training and opportunities to grow and develop in:

- The selected area of aspiration
- Cultural immersion experience
- Treaty of Waitangi
- Māori worldview and Tikanga
- Leadership & Wellbeing training

What You Will Learn

Education Experience

Explore Topics:

- Select your area of aspiration
- Explore a range of study options in New Zealand

Field Trips:

- Opportunity to participate in memorable experiential learning trips to build your confidence

Specialised Workshops or Projects:

- Participate in customised learning sessions and expand your worldview

Cultural Immersion

Cultural Visits:

- Experience New Zealand culture and sites of historical significance

Māori Cultural Activities:

- Experience the customs, cultural practices and beliefs of the indigenous Māori people of Aotearoa
- Enrich your experience with opportunities to learn about Tikanga Māori (our indigenous custom and values)

Treaty of Waitangi and History of Aotearoa

New Zealand:

- Learn about the founding document of New Zealand and the principles of the Treaty of Waitangi

Explore New Zealand

Stunning Landscape and Welcoming People:

- There is so much on offer and so many places to explore in New Zealand. The surf beaches at Raglan are just 45 minutes from Hamilton; the white sand beaches of the Coromandel are 2 hours away; the winter skiing ski-fields are 3 hours away; the hot pools at Taupō with the largest freshwater lake in Australasia is just 2.5 hours away. Not far

from Hamilton are the world famous Waitomo Caves and the green pastures of Matamata - a location where some of The Lord of the Rings was filmed and now home to the world famous Hobbiton Movie Set, a must see for everyone

- New Zealand is a land of diverse cultures with people that welcome everyone to come and see its beauty. You will love the people of Waikato, which is the home to a melting pot of cultures from all corners of the world. One in five people living in the Waikato were born overseas

Galleries and Museums:

- Explore New Zealand Museums, Art Galleries, Cultural Organisations, and their amazing collections

We welcome enquiries for both long and short-term international visiting groups.

For further information, special requests, and quotes, please email to:

studyabroad@vision.ac.nz

Information for International Students

Choosing New Zealand to Study

New Zealand is one of the world's best places to live and study. Discover our internationally renowned education system and unbeatable lifestyle.

The following websites provide helpful information about New Zealand:

- [Study in New Zealand | Study with New Zealand](#)
- [NauMai NZ's information on life as an international student in New Zealand](#)

Cost of Living in New Zealand

The cost of living in New Zealand varies according to where you live. As from 31 July 2022, Immigration New Zealand expects you to have \$20,000 per year available for living costs or \$1,666.67 per month for short programmes. You may be able to find part-time work in New Zealand and some cities offer more work opportunities than others. Please note also, that part-time work does not usually bring in enough money to contribute toward tuition fees or cover all your living expenses. You will be allowed to work full-time during holidays, provided your programme meets the Immigration requirements. See here for more details: [NauMai NZ's information on life as an international student in New Zealand](#).

Travelling to New Zealand

The New Zealand Immigration Website explains in detail the requirements and process for receiving a Student Visa: <https://www.immigration.govt.nz/new-zealand-visas/options/study>

The Education (Pastoral Care of Tertiary and International Learners) Code of Practice 2021

Activate Training Centre is a signatory to the Code of Practice.

The Code describes the minimum standards of advice and care that you can expect as an international student. It provides a complaints procedure that you can follow if you have concerns about the pastoral treatment you have received from an education provider or from the agent of a provider. The Code does not apply to concerns about academic standards. Information about the Code can be found here: <https://www.nzqa.govt.nz/international/study-nz-quals/international-student-care/>

Health and Travel Insurance Requirements

Please note all international students are required to have appropriate travel and medical insurance from the date they leave their home country until their return home on

completion of study. We are able to arrange this insurance for you. If your current insurance policy does not meet the minimum requirements below, we reserve the right to insist on a new policy. If Activate Training Centre issues the insurance, it will commence 10 days after the start date of the programme to cover students while travelling. It is recommended that international students should hold insurance covering all the following aspects:

Health cover while in New Zealand

- Medical expenses incurred for the treatment of illness and/or injury (in excess of ACC cover) that requires surgery and/or hospitalisation – unlimited sum insured
- Medical evacuation related to serious illness and injuries – unlimited sum insured
- Emergency dental treatment
- Optical cover
- Costs for family members' travel in the event that the student suffers a serious illness or injury

Repatriation, search, and rescue

- Repatriation and expatriation in the event that a student has to return home following an injury or illness which interrupts their study plans
- Return of mortal remains/funeral expenses - including travel costs for family members, repatriation of remains, and funeral costs
- Search and rescue operation to locate the insured
- Travel into and out of New Zealand
- Missed flights or delays for travels elsewhere
- Medical expenses incurred for the treatment of an illness and/or injury incurred during the travel

Personal liability

- Negligence causing bodily injury (including death) of another person or loss of or damage to property
- False arrest and wrongful detention
- Also, personal effects cover for laptops, expensive musical instruments, and belongings

Insurance Costs

Activate Training Centre will arrange an appropriate insurance policy with a New Zealand provider if the student has not arranged an appropriate policy. The cost of the insurance will be detailed on the Schedule of Payment. See here for costs: <https://orbitprotect.com/insurance-products/international-student-insurance/pricing/>.

Application Process

The application process is straight forward and easy to follow.

Step One:

Check the Entry Requirements and Programme Related Costs

Step Two

Complete all sections of the International Application Form, Medical Statement, and Statement of Intent. Complete any additional application requirements.

Step Three:

Apply online or through one of the authorised overseas representatives, or email back the required documents with the Application Form to international@atc.org.nz

Step Four:

We will process your application.

Step Five:

Once we have all documentation, we will arrange a time for an individual interview.

*Interview may be by Zoom or Microsoft Teams

Step Six:

We will confirm whether you have been accepted or not.

Step Seven:

If you are accepted, we will send you an Offer of Place and a Schedule of Payment. This will enable you to start the Visa process.

Your application process is now complete!
Payment of Fees will confirm your place.
